FIRST IN RESULTS TO ADVERTISERS

NUMBER 5

Antioch Township Schools to Open Next Wednesday

County Teachers' Meeting At Waukegan Monday Preliminary

Antioch Township High school will start next Wednesday. Teachers will attend a county institute in Waukegan, on Tuesday and will attend staff meetings in their own schools in getting their last minute instructions.

Older students will get their books on Tuesday and will be expected to be in their classes the following day ready for their lessons. In the meantime the youngsters are taking advantage of the last few days of vacation to make them count.

Richard Whitacre, principal of Antioch grade school, Dist. 34, announced that children entering kindergarten or enrolling in the first grade must for the first time furnish a birth certificate. The parents must pay a fee of \$5 for the year to cover incidental expense such as milk, cookies and the like.

The faculty this year will be as follows: Mrs. Esther Wilton, kindergarten; Mrs. Fern Lux, first grade; Mrs. Lucille Whitacre second grade; Mrs. Charlotte Atkinson, third grade; Mrs. Fanny Yates, fourth grade; Mrs. Vera Ranney, fifth grade; Mrs. Hester Garland, sixth grade; Mrs. Kathryn Bartlett, seventh grade; and Richard Whitacre, eighth grade and principal.

Principal T. R. Birkhead, of the Antioch Township High school, said the final touches in the cleaning and repair of the school building and equipment are being applied and that everything will be in readiness for classes on Tuesday.

The new Grass Lake school will be occupied by two large classes and with no change in the teaching staff.

Antioch Boys Lose To Grayslake Here 10 to 4

The Antioch Boys baseball team took a trimming from Grayslake here Sunday by the score of 10 to 4. The visitors were strong at the bat.

Illinois Tech to Offer 206 Courses This Year; Classes Start Sept. 20

Chicago-Illinois Institute of Technology will offer 206 undergraduate courses in 20 fields of study and 45 graduate courses in 12 fields in its evening division this fall, Stanton E. Winston, dean of the division, said today.

Registration for evening undergraduate students will be held from 8 to 8 p. m., Monday and Tuesday, Sept. 13 and 14, at 3300 Federal st., on the Technology Center campus. Graduate students will register Friday September 17.

The 17-week term will begin Monday Sept. 20, and end next January 29.

Last fall, 4,467 students enrolled for part-time evening courses at Illinois Tech. For the spring semester, the figure was 4,109. Dean Winston estimates enrollment this fall will approximate that of a year ago.

Courses, in addition to those in the various fields of engineering, include home economics, mathematics, literature and philosophy, business and economics, and the physical and social sciences.

Women Get Most Parking Tickets Peterson Says

Fred Peterson, chief of police, said that people are getting used to the parking meters, but even at that he gave out more tickets Tuesday than he has for some time.

Fred says that more women get tickets than men. He says that men put in a nickel, allowing for delays, but women put in pennies, expecting to return soon and are delayed at lines in stores.

A collision of cars occurred Sunday night when Peterson stopped traffic to permit a motorist to back his car from a driveway and a driver not noticing that traffic had stopped "plowed" into the rear of a motionless car. No one was hurt but there was plenty of damage.

Patsy May Ineligible For Carnegie Award; Contributions Continue

Because Patsy Mae Cummings saved a relative in carrying her brother, Jimmie, from their burning trailer home, she will not be eligible for a Carnegie Foundation award, the secretary of the foundation informed the Antioch News.

Only where the heroine is no relative or has no incentive such as that of a lover, is recognition given, the official of the foundation said.

Patsy May, aged 4, whom recognition is being given by public contributions was left alone at the Ravensden farm to care for her 13-month-old brother while her mother delivered a supply of milk to a depot. When the trailer caught fire she carried him through smoke to safety and he was asleep in her arms when firemen arrived.

Receptacles left at business houses are growing heavier through contributions each day and a rivalry has started to produce the largest contribution. Gifts for her may be mailed to the Antioch News.

Twenty-five dollars was contributed this week to the Patsy May fund by the American Legion Auxiliary.

The story of Patsy's heroism is to be told on the Abbott and Costello kid show one week from Saturday. At present the radio broadcast is over WENR at 11:15 a. m., but there may be a change in the fall schedule by that time.

Lions Carnival Attracts Crowds

The Lions Club Carnival, held Thursday through Sunday of last week was highly successful, attracting large crowds most of the four nights it was open. The free entertainment was well received and was responsible for those in attendance staying until a late hour.

A rain late Sunday night sent the crowd scurrying for shelter earlier than wished, but many stood in the rain to await the grand drawing. A brief rain on the opening night was responsible for cutting down the size of the crowd on that night also. Heads of the various Lions Club committees expressed themselves as being well pleased with the co-operation extended and with the carnival in general.

Ingleside Resident Dies Following Long Illness

Edgar S. Moorehead, aged 65, a resident of the Crockett subdivision southwest of Fox Lake, died at 3 a. m. Wednesday following a lingering illness.

The funeral service will be held at 2 p. m. Saturday at the Strang funeral home with burial in Ridgeview cemetery.

Surviving are the wife, Ida B. two daughters, four grandchildren, and one great grandchild.

Lake County's Tumblers Second in State Contest

The Lake County 4-H Club tumbling team placed second in the state contest held in connection with the Illinois Farm Sports Festival at Urbana last Saturday. Lake County's team composed of Doris Stone, Charlotte Kuebker, and Naomi Brausch, all of Grayslake. This is the first time that Lake County has ever entered a tumbling team in the state meet.

The girls feel that by the time the Sports Festival comes around next year, they will be proficient enough to rank first in the tumbling contest.

Large Crowds Expected At Lakes Over Holiday; Region Has Attractions

Warm Weather Brought Many to Waters of Nearby Lakes

Large crowds are expected in the Antioch lake region area over this weekend as the result of the double holiday afforded by Labor Day.

Monday, Labor Day, will be the official closing date of the resort business, but it is probable that if warm weather continues there will be a lot of post season business this year.

The opening of schools usually takes the summer residents back to the city from the lakes.

Labor Day will be quietly observed in Antioch with only those stores who cater to the vacationers remaining open.

An event that may attract many from this area will be the railroad fair at Chicago which has been extended through the month of September. Located on the world's fair grounds it is attracting huge crowds daily and those who have seen it say it is exceptionally well worth while.

Numerous centennial celebrations are scheduled in Wisconsin over the Labor Day weekend. The outstanding attraction among these celebrations will be the National Bicycle Races at Washington Park Bowl, Kenosha. The official races will be held September 4-5 and will feature the nation's foremost riders. On September 6, the Kenosha Centennial Labor Day Celebration will consist of a band concert, nationally known speakers and a picnic.

County Four-H Exhibit Wins \$1,000 Award At Cook County Fair

The Lake County 4-H Club exhibit earned a \$1000 award at the Cook County Fair at Soldier's Field, Chicago, according to Farm Adviser Ray T. Nicholas and Home Adviser Helen Volk, who planned and set up the exhibit around the theme, "Lake County's 4-H Club Program Helps Make America Strong."

The exhibit presented all phases of the home economics and agriculture 4-H club program and shows the various ways in which 4-H Club members help build America. It points out that club members help by producing food and fiber, by conserving nature's resources, by building morale, by making better homes, by maintaining good health, and by making better citizens.

The exhibit, which is sixty feet in length, includes a large number of photographs of 4-H Club members engaged in various 4-H Club activities, signs telling about the achievements of Lake County's members, and much illustrative material showing the work of the 4-H Club members. In the center of the exhibit is a revolving table holding a number of small American and 4-H Club flags. On either side of this center piece is a manikin dressed in a boy's and girl's 4-H uniform.

This exhibit, which will be at the Cook County Fair through September 6, is attracting much favorable comment and informing the thousands who see it about the 4-H Club program being conducted in Lake County. The exhibit is being attended by representatives of the various agricultural and home economics 4-H Clubs of Lake County.

The award money, after paying for the expenses in building the exhibit will be turned over to the district 4-H Club Camp, Shaw-Wau-NasSec. It is expected that around \$700.00 will be presented from Lake County to the district Camp.

Many Tax Protest Filed

Residents of Antioch township are among the many Lake county taxpayers who will file protests on their taxes this year. Attorneys for the Lake County taxpayers association yesterday worked on 533 tax protest forms turned over to them from three townships the night before.

A meeting was held at Gages lake Tuesday night in planning legal strategy against high tax bills.

Caught Fine Bass

Al Schenk caught a five pound, two ounce bass in Bluff lake Friday. Whether it contained a prize label is not known.

Chicago Mail Carrier Drowned in Lake Marie Near Summer Cottage

Fell From Pier During Illness, Rescue Squad Unable To Revive Him

Charles Chaveriat, aged 58, of 1826 North Orleans St., Chicago, was drowned at the Beach Grove subdivision at Lake Marie at 1:30 p. m. Tuesday.

His body was found beneath the pier in front of the Chaveriat summer cottage by the son, Charles, Jr. The Antioch Rescue squad was called but Mr. Chaveriat had been in the water a half hour which they considered too long to effect recovery.

Members of the family said Mr. Chaveriat was a sufferer from epilepsy and it is supposed that while walking on the pier he suffered an attack. He was pulled from the water in time under a similar condition recently.

The members of the family had packed the car ready to leave for Chicago when they missed Mr. Chaveriat. The son, Charles, Jr., found him.

Mr. Chaveriat had been employed as a mail carrier in Chicago 39 years. He and his brothers owned the cottage at Lake Marie and had been spending their summer vacation there a number of years.

The body was taken to the Strang parlors and the inquest was held there yesterday.

Following the inquest Wednesday the body was taken to the chapel at 1723 Larrabee St., Chicago, where the funeral service will be held Saturday. Burial will be in Wunder cemetery.

Surviving are the wife, the son, Charles, Jr., and two daughters, Evelyn and Mrs. Ruth Mustain.

The family had been at the lake two weeks.

Burglars Get \$18 At Servicenter On Monday, Aug 30th

The Antioch Servicenter, route 21 and 173, at the south limit of Antioch was looted by burglars last Monday evening. Entrance to the building was gained through a rear window of the garage.

The Servicenter, due to its isolated location, bordered by the high school grounds on the north and the wide intersection of the two state highways, has been an easy mark for thieves in the past, and for this reason a night watchman has been employed for the past several years. No burglaries have been reported there since that time.

It is believed that the thieves were local talent, because of the fact that only those who were well acquainted could have known that the watchman was off duty for Monday evening, and that the building was left unguarded.

No effort to open the safe or cash register was made and no merchandise was taken. The loot consisted of several rolls of nickels. Additional petty cash which was in a drawer of the same desk from which the nickels were taken was untouched leading the owners to believe that the thief snatched the money from the drawer and ran without making a thorough search of the premises.

Building Nearly Done

Work is progressing rapidly on the Scout home and there is every indication that the building will be completed by the time of the dedication, Sept. 19.

Viking Wins Class E Race at Detroit, Mich., Before Immense Crowd

Before an immense crowd, Frank Valeska's boat entered by Gus Grundstrom, of Fox Lake, as the Viking, won the Class E speedboat race on the Detroit river at Belle Isle near Detroit Sunday.

The Antioch boat, The Hobo, did not run because of rough waters although the boat was on the scene.

Because of the roughness of the waves there were several accidents, two of which resulted in the destruction of the boats during the Gold Cup race. One of the boats belonging to Guy Lombardo, winner of last year's race, struck a wave and split in two.

Of the nine boats entered in the Class E race, only two were able to run the second heat and it was a case of the slower boats taking the prizes because the faster boats couldn't take the waves.

Polo Game Sunday To Benefit North Shore Area Scouts

All gate receipts taken in at the polo game between the Arlington Farms Polo club and the Old Ironsides club of Topeka, Kansas, at the Arlington Farm field, Sunday, will be turned over to the Northwest District of the North Shore Area of the Boy Scouts of America, it was announced yesterday by Len Bernard, manager of the local polo organization.

Arrangements for the benefit game were completed recently between Bernard and John J. Noel, division head.

All expenses of bringing the Topeka club here will be borne by the Arlington group so that the entire revenue from the game will be turned over to the Boy Scouts.

The Old Ironsides club is one of the oldest polo clubs in the middle west and has long been a power in polo in this section of the country.

In addition to the polo game, the Scouts from the western county communities will provide half time entertainment with an exhibition of scouting activities and will set up a model boy scout camp on the spacious Arlington grounds.

The Racine county Boy Scout drum and bugle corps and drill team will be on hand to provide half time entertainment.

Communities in the northwest district are Libertyville, Mundelein, Half Day, Buffalo Grove, Wauconda, Grayslake, Gages Lake, Round Lake, Round Lake Park, Ingleside, Lake Villa, Antioch, Island Lake and Fox Lake.

Scoutmaster Harold E. Cardiff said today that the Antioch troop would assemble at the Grade school at 12:30 and that they would be taken to the game in the Grade school bus. He also stressed the fact that all scouts must be in uniform.

Truck Overturned Ice Cream and Popsicles Scattered on Hwy.

An ice cream truck driven by Wilfred Hopkins, of Burlington, was overturned when avoiding being hit by a lumber company truck driven by Paul Alhouse of Antioch on Rt. 83, north of Wisconsin State Line Saturday. Ice Cream and Popsicles were scattered all over the highway. The drivers escaped injury.

132 Register in Peacetime Draft With Local Board

Registration According to Ages to Continue to September 18

Registration at Antioch for the peacetime draft totaled 132 last evening, J. M. Brahy, county board member in charge announced.

This was regarded as low in consideration of the large number of 25-year-olds who are known to reside in the northern part of Lake county and who would be expected to register here.

Thirty-five men born in 1922 after Aug. 30, registered on Monday, the first day of registration here, according to Mrs. Brahy and Thomas Burnette who are doing the clerical work at the Antioch American Legion home.

The registration of persons born in 1923 took place Tuesday and Wednesday and amounted to 57 on Tuesday, and 40 on Wednesday.

The clerks said there were a few exceptions for they registered some younger men from Fox Lake who made the trip here by cab to sign up not knowing they had chosen the wrong day.

"The days specified are merely for the convenience of the boards so that there will be no great rush at any one time," said Mrs. Brahy. "Those who failed to register on their day may still do so. It is only after the board ceases its work that there is danger of penalty."

Persons born in 1924 were being registered today and will be received yet tomorrow. The rest of the schedule calls for registration as follows:

Schedule for Future
Persons born in 1925 shall be registered Sept. 4 or Sept. 7.
Persons born in 1926 shall be registered on Sept. 8 or 9.
Persons born in 1927 shall be registered on Sept. 10 or 11.
Persons born in 1928 shall be registered on Sept. 13 or 14.
Persons born in 1929 shall be registered on Sept. 15 or 16.
Persons born in 1930 before Sept. 19 shall be registered on Sept. 17 or Sept. 18.
The hours are from 8 a. m. to 5 p. m.

The army's first draft will call for 15,000 men of which number Illinois will be expected to furnish 900.

Men eligible for registration may register at any draft board suiting their convenience. Some men from Wisconsin registered here Monday, while a few boys on vacation from Chicago at the local lakes signed up here.

The Antioch board is expected to take care of Zion, Benton, Newport, Antioch, Grant and Lake Villa townships because of its proximity.

Lake Villa Style Show Given at Halcyon Club Success Despite Heat

The Halcyon club of Lake Villa presented its third annual style show at the school gymnasium Wednesday evening of last week to an appreciative audience in spite of the intense heat.

The Hein store of Waukegan furnished the garments of latest fashion and local women and children modeled most of them.

They were Violet Schneider, Sharon Langbein, Judith Fath, Carlene Ekdahl, Marlene Nader, Lorraine Bock, Lena Ekdahl, Bessie Boyer and Georgia Avery. Mrs. Timmersman accompanied the models at the Solovox, and Sue Weber and Jack Mahoney sang several selections between the showings of the models. A parade of wedding gowns dating from 1899 to the present time was a very entertaining feature with local people modeling the gowns.

Shown were those of Mrs. Mabel Holst, Beatrice Cribb's mother's gown which Mrs. Cribb modeled. Mrs. Betty Reidel, Mrs. Helen Fath, Mrs. Pam Pavel, Mrs. Charlotte Weber, Mrs. Helen Anderson and Mrs. Shirley Nader. One of the most entertaining features of the evening was the mock wedding in which Niel Reidel was the minister Ruth Haley was groom and Elsie Heuer was the bride, attended by John Fath as maid of honor, and Ada Barnstable as best man. The bride's father was Harry Pavel, Dwight Dixon was flower girl and Emma Williamson was the ring bearer. Paul Williamson was bridesmaid. Each one was appropriately dressed, carrying bouquets as the position required, and taking parts beautifully.

The ladies served cake and coffee as a climax of the evening.

Single Purpose Dams

The nation is gradually learning, at a heavy cost in lives, land values, and tax dollars, that the solution to the flood control problem does not lie in so-called multi-purpose dams which must be kept nearly full of water in order to generate electric power—and so are next to useless as reservoirs in an emergency.

Some parts of the country learned this long ago. The Miami Valley Conservancy District in Ohio is one of the finest examples. The region had long been plagued with periodic floods, and that of 1913 was among the worst ever experienced in the United States. The conservation work started then, and by 1922 the District completed a series of five single purpose dams—and that purpose was to control and confine flood waters. The dams were paid for by a bond issue, and not a nickel was contributed by the government. The last of the bonds will be retired at the end of 1948, the funds for liquidation having been raised by a property tax.

There has not been a single damaging flood in the valley since 1922. The basins created by the dams can hold a volume of water 40 per cent larger than that which did terrible destruction in 1913. And it is estimated that their benefits, measured in property values alone, have been more than twice their cost.

The whole story behind the undertaking is found on plaques placed at each of the dams: "The Dams of the Miami Conservancy District Are for Flood Prevention Purposes. Their Use for Power Development or for Storage Would Be a Menace to the Cities Below." What is true in that area is true everywhere. It is a cruel delusion to attempt to make the people believe that flood control dams and power dams are one and the same thing.

Oil Progress Day

On the 14th of October, "Oil Progress Day" will be observed throughout the country. It will mark a simultaneous activity by the oil companies of the nation, large and small, to further inform the public about the industry's achievements. Local oil men will carry the brunt of the work. Authoritative speakers will be available, many plants will be open for public inspection, in some places essay contests will be held for school children, and so on.

It is to be hoped that the day attains its objective. For, of all the great industries of America, none has a finer record of essential service than oil. It lay at the very heart of the Allied war effort, and our enormous superiority in the quantity and quality of oils available was a major factor in speeding the victory.

After the war, the industry naturally expected that there would be a breathing spell—a period of substantially lowered demand. But the opposite happened. Demand not only held up, but has actually exceeded the vast level of war-time. The industry responded to this by putting into effect an expansion program, affecting every phase of production, refining

and distribution, which prevented serious shortages and brought us our oil with a minimum of delays and dislocations.

In addition, American oil companies are the leaders in developing, under international agreements, foreign oil resources. The most dramatic example of this is the Middle East, where the greatest untapped reserves in the world are located.

Oil Progress Day will symbolize an achievement which has a tremendous bearing on American industrial power—and on the strength of the entire Western World.

The Job Ahead of the Coal Industry

The soft coal industry must extend the use of machinery wherever physical and economic conditions offer opportunities for doing so, in order that it may continue to pay high wages to the miners and maintain its solvency in a competitive economy. That is the gist of a detailed study made by Donald R. G. Cowan, Consulting Economist of the National Coal Association.

The extremely heavy demand for coal during and after the war has obscured a problem which is reaching serious proportions. The cost of operating coal mines are high and may go higher—and coal's physical plant, according to Mr. Cowan, is half worn out. During the war it achieved record output by making full use of all old equipment, and by strip mining. Very little new machinery was available, and even repair parts were scarce. Since the war, a substantial amount of new equipment has been installed, but a great deal is needed.

It is Mr. Cowan's point that by mechanization "labor costs may be reduced far below present levels, markets may be enlarged by attractive prices and larger profits may be earned." It is obvious that labor costs cannot be reduced by cutting wages. That, along with the other necessary objectives, can only be achieved by methods of mining which are more efficient and productive.

Coal is one of the basic industries on which we depend for a healthy economy, and its welfare is of direct or indirect significance to us all. The points brought up by Mr. Cowan indicate the difficult job that lies ahead of it.

The Low Down From Hickory Grove

I just been reading where Uncle Sambo's payroll is being boosted by 15,000 new people per month—that is 500 per day and no small amount to be sneezed at. It is a lot of votes for somebody. But the Boss-Man down there at the head office says, tut! tut! it is nothing to stew about, most of these new payroll people are on the Aid to Europe program, he says. But this Mr. Boss-Man don't say he is cutting down elsewhere and getting some other guys in other places off your bent backs. He should—but he don't.

The paper says that for every 6 people in the land, one of them is supported and carried along by the other 5. And that, when it is reduced down and brought home, it means each of us is lugging on our back, one-fifth of a guy—furnishing him with his raiment, and house rent, and all accessories complete, and 12 months per annum.

I been trying to figure out, how many more can be piled on, without most of us caving in—even got out my slide rule—and I am still puzzled on how we can even carry the one-fifth of a guy like it is already, let alone putting on more. So folks, any of you, if you can figure it out, drop me a line.

Yours with the low down,
JO SERRA

MILLBURN

The church service Sunday, Sept. 5, will be dedicated to the beginning of fall activities and the closing of another vacation season. Rev. L. H. Messersmith has chosen "Beginning Again" as the topic for his sermon.

The September Committee of Ladies Aid will serve a cafeteria supper at the church Thursday evening, beginning at 5 o'clock.

Norma Welch, Lois Riegler and Betty Erickson attended a weekend conference of officers and leaders of Pilgrim Fellowship at Tower Hill, Mich., from Friday until Sunday.

Mr. and Mrs. George DeHaan and daughter, Randell, were guests of Mr. and Mrs. Milton Freeman in Ellettsville, Ind., Saturday and on Sunday visited Mr. and Mrs. Robert Clark in Belleville, Ill.

A. B. McDonald spent Monday and Tuesday in Springfield, Ill. Misses Thelma Clark and Alice Denman with Misses Patricia Arney of La Grange and Betty Bailey, of Chicago, spent the weekend at the Wisconsin Dells.

Mr. and Mrs. James Thom, of North Bend, Nebr., and Mr. and

Mrs. Ed Thom, of Kenosha, called on friends at Millburn Sunday afternoon.

Mr. and Mrs. Will Bonner and family and Mr. and Mrs. Gordon Bonner and family attended the Murrie reunion and picnic dinner at the home of Mrs. Nellie Murrie at Russell Sunday with 46 relatives present.

Christian Messner returned to his home in Chicago after several weeks at the home of his son, Herbert Messner.

Mr. and Mrs. Howell Kennimer and family spent several days with relatives in Michigan.

Miss Katherine Minto has returned to Decatur to resume her teaching duties, after spending the summer with her parents, Mr. and Mrs. D. H. Minto.

Mrs. Belle Perkins, of Tucson, Arizona, is spending several days with Mrs. O. L. Hollenbeck.

Mr. and Mrs. Harvey Mann, of Waukegan, and Mrs. May Wolfkill, of Waynesboro, Pa., were callers at the Savage home Thursday.

Mr. and Mrs. Ira Beebe, of East Chicago, spent Sunday at the Harley Clark home.

Mr. and Mrs. O. L. Hollenbeck attended a reunion and picnic dinner at the Chester Hollenbeck home

on Green Bay Road Sunday. Twenty-nine relatives were present.

Mr. and Mrs. Webb Edwards spent Monday with the George Herroux family in Maywood.

Rev. Mesersmith attended a meeting of the Congregational ministers of Lake Co., at the home of Rev. Lincoln Reed in Grayslake Monday afternoon.

Johnny Clark was a tonsilectomy patient at Victory Memorial hospital Wednesday.

Mr. and Mrs. George Murrie and son, James Willis and daughter, Lynette, enjoyed several days vacation at the McGuire lodge at Rhinelander, Wis.

Mrs. Eric Anderson with other 4-H club leaders attended the final

finish up 4-H day at Grayslake Wednesday. Luncheon was served by the County Home Bureau executive board.

Mrs. Eric Anderson, Mrs. Philip Boller and Mrs. Ernest Wells attended the past matrons meeting and picnic dinner at the home of Mrs. George White at Hebron Thursday, Aug. 19.

Mr. and Mrs. Oscar Neahous are spending several days at the home of their daughter, Mrs. Gus Christensen at Union Grove.

Mrs. Ed Hoffman was honored at a stork shower at the home of Mrs. O. L. Hollenbeck Tuesday afternoon with Mrs. Herbert Messner and Mrs. Carl Anderson as co-hostesses. Twenty ladies were present and Mrs. Hoffman received a bathinette and other lovely gifts.

Mrs. W. A. Robbins entertained 12 ladies at a Stanley Demonstration given by Mrs. Beth Conklin, of Kenosha, Wednesday morning.

A benefit card party will be held at the Masonic hall Saturday evening, Sept. 4. Bridge, pinocle, 500 and bunco will be played.

Rev. Messersmith addressed the boys at Hastings Camp Sunday morning and the boys at Allendale school at 12:30 in addition to the regular service at Millburn at 11 o'clock, which was dedicated to the Masonic lodge members. The offering was added to the building fund for the new Masonic hall.

DOUBLE your vacation FUN!

New boating thrills—more fishing fun with a thrilling new '48 Evinrude on your boat. You'll prize the smooth, trouble-free performance, the starting ease, the many new advance features.... there's the right motor for your boat in the complete '48 Evinrude line. See it at our store.

*Electricity
is one essential item
in the household budget
that hasn't gone up in price*

It's hard to believe, but it's true.

Our expenses—fuel, wages, and materials—have risen rapidly during the last two years. Coal alone has gone up 26%.

Although these expenses have been rising, increased output resulting in abnormally high use of equipment has served to offset somewhat the effect of these rising costs.

Electricity—one essential item in the household budget that hasn't gone up in price—provides more and more comfort and convenience to Northern Illinois homes every day.

SOCIETY EVENTS

Joan Lee Felter Becomes Bride of M. L. Hotchkiss

At a pretty fall wedding today, (Thursday, Sept. 2), at 3 o'clock in the Methodist church of Antioch, Miss Joan Felter, daughter of Mr. and Mrs. Virgil Felter of Lake Catherine, became the bride of Mr. Morton Hotchkiss, son of Mr. and Mrs. Guy Stephens, of Oneida. The Rev. L. V. Stiller of Waukegan officiated at the double ring ceremony.

Ralph Trieger sang "Because" and "I Love Thee", accompanied at the organ by Mr. Hans Von Holwede, who also played the wedding march. The bride wore the traditional ivory satin with long train and her fingertip veil was fastened with a seed pearl design which matched the trimming on the illusion neckline of the gown.

For something borrowed she carried an ivory prayer book covered with a cascade bouquet of white gladiolus.

In keeping with the autumn season, her attendants carried out the fall tones in their gowns. Maid of honor Miss Gloria Rotnour, of Elgin, cousin of the bride, wore a full length gown of mellow gold and Miss June Spangard, of Antioch, Miss Barbara Prindle, of Evanston and Mrs. Jack White of Galesburg bridesmaids wore similar gowns of elm green satin. All carried cascade bouquets of bronze chrysanthemums and talisman roses with matching flowers in their hair.

Mr. Frances Olson, of Galesburg, a college classmate of the groom acted as best man and both of Phi Delta Theta fraternity. Richard Champion, Glee Sherwood, of Galesburg, and Toni Pantellis, of Chicago were ushers for the groom. Mrs. Felter wore gray jacquard faille with green accessories and Mrs. Stephens, the groom's mother, wore fashionable brown crepe with brown accessories. Both had matching corsages of bronze chrysanthemums.

A reception following the ceremony was held at Our Country Club for 150 guests.

Going away the bride was attired in a full fashioned claret colored suit with black accessories.

After a brief wedding trip in Wisconsin the newly weds will be at home in Wataga, Ill.

The bride will continue her studies at Knox, her husband, a former student at Knox also attend the American Academy of Arts in Chicago.

MRS. PATTERSON HONORED GUEST AT FAREWELL PARTY

Mrs. Lucille Patterson was honored guest at a farewell party given by Mrs. Ida Osmond at her home on Orchard street, Tuesday afternoon. St. Ignatius Guild Auxiliary members were guests. For the past several years Mrs. Patterson served as secretary of the Guild Auxiliary. Following the card games a lunch was served. Mrs. Patterson received many lovely remembrances from the guests. The Pattersons plan to live in Chicago.

W. S. C. S. VISIT MISS LOTTIE JONES

Thirty members of the Womens Society of Christian Service drove to Kenosha Thursday afternoon to visit Miss Lottie Jones. Miss Jones for many years was a resident of Antioch and was active in the Christian Society. The afternoon was spent in visiting.

Cards were sent to five members who are ill, Mesdames W. R. Williams, R. D. Williams, J. C. James, Charles Watson and Maud Sabin.

Mrs. D. B. Baldwin, of Hampshire and Miss Irma Baldwin, of Elgin, were dinner guests of Mr. and Mrs. Frank Runyard at their Channel Lake home Monday.

Mrs. Mollie Somerville had as a guest over the weekend Miss Bell Hahn, of Chicago.

James Babor, of Berwyn, formerly of Antioch, is at the Passavant hospital.

Mr. and Mrs. George J. Malek, of Berwyn, are happy over the arrival of a grandson, Paul George Bathke, son of Mr. and Mrs. R. Lyle Bethke, of Vermillion, S. D. Mrs. Bethke before her marriage was Miss Vivian Ruth Malek, grand daughter of James Babor, formerly of Antioch.

DR. AND MRS. ZIMMERMAN ANNOUNCE ENGAGEMENT OF DAUGHTER

Dr. and Mrs. L. John Zimmerman announce the engagement of their daughter, Frances Catherine to Mr. W. Grant Prutzman, son of Mrs. Amy L. Prutzman of Collingswood, New Jersey. Miss Zimmerman is a graduate nurse and is assistant supervisor at the University Hospital at Loyola. Mr. Prutzman is a graduate of Drexel Institute of Philadelphia and is a supervisor at the Du Pont plant in Philadelphia. The wedding will take place some time in November.

Guests on Yacht Trip
Mr. and Mrs. Dan Boyer and Mr. and Mrs. William Marks, of Lake Villa, enjoyed a trip to Chicago on the Just Yacht Saturday, as guests of Mr. and Mrs. Frank Just of the Waukegan News Sun, Waukegan. They were dinner guests of the Justs at the Columbus Yacht Club.

Mr. C. K. Anderson entertained thirty friends from Chicago, Waukegan and Pontiac at a chicken dinner at his Channel Lake home Saturday. Mrs. Lena Bodwen, Mrs. Elva Siviggart and Mrs. Frances Slihanek were weekend guests.

Tax Protest Meeting Held
A large number of taxpayers from the Lake Catherine, Lake Marie, Channel Lake and Grass Lake attend the meeting Sunday afternoon at Felter's South park in which Walton Taylor of the Lake County Civic League and Thomas Dowd, Antioch attorney, spoke on tax matters.

Miss Gloria Ehlert United In Marriage With D. C. Brown

Miss Gloria Ehlert became the bride of Donald C. Brown at a ceremony at the Methodist parsonage in Salem, Wisconsin Monday. The Rev. J. Nicholas officiated. Miss Ehlert is the daughter of Mrs. Flavia Ehlert and Mr. Brown is the son of Mr. and Mrs. Harvey Brown of Wilmot.

The bride wore a grey suit with silver trim and white hat, her flowers were gladiolus. Mrs. Peter Van Slochteran, of Bristol, was her sister's attendant. The groom was attended by his brother, Ralph.

Dinner for the wedding party was served at Our Country Club. The young couple left for a wedding trip through the south.

The bride is a graduate of Union Free High school at Wilmot and is employed at Pickard's China Factory in Antioch, the groom is engaged in farming.

LAKE VILLA

Rev. Dwight Dixon and family left Sunday afternoon for their new charge in South Dakota and visit relatives at Montello, Wis., for a day or so before going farther. They will also be at Sioux Falls, S. D., for a time.

Mr. and Mrs. Connell, who have spent the month of August at the Weber farm, left Monday for their home in St. Petersburg, Fla., and will visit friends near St. Louis on the way.

Raymond Hussey, of De Land, Fla., drove up last week and returned there after a few days spent here on business. He and his family have recently moved into their new home there.

Mr. and Mrs. Frank Matthis, their son and wife, all of Chicago, were guests of Mr. Matthis' sister, Mrs. Stella Pederson last Friday.

George R. Eaton and Mrs. Elizabeth De Leon were married at the Community church last Saturday afternoon in a simple ceremony by Rev. Dwight Dixon, and are at home to their friends at the Eaton home off Rt. 59, near Bluff Lake. We extend congratulations.

Mr. and Mrs. Ivor Swanson, of Chicago, were guests at the Wm. Weber home last Sunday.

Rev. Miller of the rural church committee at Garrett Biblical Institute at Evanston will be guest speaker at the Community church next Sunday at 11 a. m., and visitors are welcome.

Mr. and Mrs. Harry Weber and sons and Miss Verna Bennecke have returned from a very pleasant vacation spent at Tomahawk Lake, Wis.

Mr. and Mrs. Clarence Bennecke are at Clam Lake, Wis., for a time. Carl Nader of the Lake Villa Electric shop, is adding a room to his shop on Cedar ave., for added storage space and work room.

Mr. and Mrs. Ellsworth Ladewig and daughter are living in the upper rooms of the Bartlett house, the lower rooms are occupied by Mr. and Mrs. Jake Fish.

Mrs. A. H. Cody, of Chicago, was guest of her niece, Mrs. Ben Cribb and family several days last week.

A benefit card party will be held at the Millburn Masonic temple on Saturday evening, Sept. 4, beginning at 8 o'clock. Bridge, pinocle, 500 and bunco will be played with prizes and refreshments. Mrs. Clifford Weber is chairman.

Mr. and Mrs. Richard Boyer, of Chicago, were out Saturday and Sunday with the Senior Boyers at Cedar Lake Acres.

School will open here on Sept. 8, as all grade schools in the county, and David Shrum will be principal, with Jack Koehler of Zion, assisting in the upper grades and in physical education. Mrs. Crawford and Mrs. Lakin, of Libertyville, who also taught here last year, will be back. Mrs. Campbell, of Waukegan, will be one of the staff. Enrollment will be high this year and more than 200 children will be enrolled, including more than 20 from the Baptist home, which will mean that every available inch of space will be in use. New seats have been added. The hot lunch program will not be available before Sept. 13, and the school bus schedule will remain the same as it was at the close of school.

Miss Ruby Falch will teach the first graders at the Round Lake school this year.

Loon Lake Beach Party
The second annual beach party will be held at East Loon Lake shores Sunday afternoon and evening. The public is invited and there will be no admission charge. Races, games, music, entertainment, prizes and refreshments are planned.

Earl Brabant, Jr., is vacationing in Colorado Springs and Denver, and through many other places of interest.

HICKORY

Mr. and Mrs. Wilbur Hunter were supper guests at the home of Mr. and Mrs. Carl Heuer near Green Bay Road on Sunday. The latter couple celebrated their silver wedding anniversary.

Mr. and Mrs. George Handley entertained the "Old Glory Players" Club of Chicago (of which they are members) at the Handley home on Sunday.

Mr. and Mrs. Ed Thom, of Kenosha, and Mr. and Mrs. James Thom, of Nebraska, called at the Wilbur Hunter home on Sunday.

Mr. and Mrs. Kenneth McNeil left on Saturday for a week's visit with relatives in Michigan.

Mr. and Mrs. George McNeil and children, Terry, and the new baby, Beverly Mae, of Kenosha, visited the Fred Leable home Sunday afternoon.

Mr. and Mrs. E. W. King entertained their grandsons, John and Roger Lange, of Hebron, three days of last week while their mother, Mrs. G. A. Lange and sister, Barbara, attended the Sport Festival at Champaign. Barbara was one of a 4-H group which performed in the Folk dance division.

Howard Wells, of Joliet, visited a few hours Saturday evening with the Curtis Wells family.

Mr. and Mrs. Bert Edwards and Miss Doris attended the wedding of a relative, Sgt. Richard Christoferson in Kenosha Saturday evening.

Harold Thompson, of Zion, Mr. and Mrs. Edwin Spuiher and daughter Judy, of Winthrop Harbor, and

Scientists Trace Vitamins' Course Through the Body

AMES, IOWA.—Scientists are beginning to lift the curtain of secrecy on exactly what happens to the vitamins you eat and what they do.

The new knowledge is important to health and may aid in understanding such diseases as rheumatic fever and high blood pressure. It shows that some diseases, and even changes in food habits, can increase your need for certain vitamins.

The facts are hard to get because human chemistry is so involved. But clues and discoveries from many laboratories are helping to map the vitamin trails through this jungle of human chemistry.

One important clue, said Dr. Robert R. Sealock, Iowa state college biochemist, came from Europe in studies of Addison's disease. This is a chronic weakening disease, usually fatal, and in it the skin turns coppery bronze color.

The European investigators found that doses of vitamin C cleared up this discoloration. It didn't improve the other symptoms of the disease. The copper color was due to melanin, a skin pigment, which when present in smaller quantities, is the sun tan pigment. The disease victims had too much melanin.

Dr. Sealock Finds Reason

Dr. Sealock, then at the University of Rochester, and co-workers found the reason why. The melanin was formed because one important chemical wasn't being used properly. This chemical was an amino acid, tyrosine. It's one of more than 20 amino acids from which all proteins are made.

Lack of vitamin C, they showed, broke the chain of steps in the body's proper use of the tyrosine. One of the broken links formed a substance that produced the melanin.

A practical use for this finding was discovered by Dr. S. Z. Levine of Cornell university medical center. Premature babies, fed on cows' milk, developed symptoms of scurvy. The cow's milk has more of the tyrosine than mother's milk. The larger amounts of the tyrosine meant more vitamin C was needed than the babies received in their diet. Dr. Levine gave the premature babies more vitamin C, and they then could take the cows' milk without fear of scurvy.

Other Discoveries

Other discoveries followed quickly. At New York university, Miss Ella Fishberg found that in a certain, fairly rare disease, something is in the blood which decreases the normal oxygen-carrying capacity of the blood. This something proved to be one of the broken links again from insufficiently-used tyrosine. When victims of the disease received more vitamin C, the condition was remedied.

Some children with rheumatic fever were also found to excrete this same substance from tyrosine because of a lack of vitamin C. The disease may increase the need for vitamin C, Dr. Sealock said. This discovery may supply a clue to one of the factors in rheumatic fever.

The tyrosine-vitamin C relationship also is suspected of some possible influence in high blood pressure. There is evidence that other products from the tyrosine have some tendency to boost blood pressure.

Lack of vitamin C in such a case might be a predisposing influence to increased blood pressure. With greater intake of the vitamin the undesirable substance is no longer present. This question still is being studied, Dr. Sealock said.

Home Builders Prefer Sites Away From Congested Cities

CHICAGO.—Suburban and rural building sites are preferred four to one over city lots by home builders today, according to a poll taken at the National Association of Home Builders exposition.

The opinion survey showed that most prospective builders are selecting individual lots away from the congestion of cities.

Construction men polled stated also that 73 per cent of the prospective builders wanted central heating plants and virtually all demanded automatic controls.

Opinion was evenly divided on the question of whether the ordinary type of thermostat control provides complete comfort. Some builders pointed out that clock thermostats, which effect economy through night shut-down of heating plants, are more popular because of anticipated fuel shortages.

Cupid Crashes Picket Line; Two Picketers Got Married

ATLANTA.—A young Atlanta couple is honeymooning at the same place they met and were married—in a picket line.

Miss Doris Mae Wilson was married to her sweetheart of 11 days, Eugene Plumley, 20. Both are employees of Armour and are striking members of Local 111, CIO-Packing-house Workers.

The wedding was performed on the picket line with fellow strikers standing by. The bride and bridegroom returned to the picket line after the ceremony.

Airplanes Pollinate Fruit Tree Blossoms

EAST LANSING, MICH.—Blossoms on a fruit tree do not mean the tree will bear fruit, horticulturists at Michigan state college pointed out. Those blossoms must be fertilized and that requires careful planning by the grower.

To get any fruit, pollen must be transferred from one blossom to another. This is usually done by bees and flying insects, but if the weather is cool and windy, the bees will not fly. Therefore, a number of orchardists, in cooperation with Michigan state college, have been trying artificial pollination. They collect the pollen, ripen it and apply it to the blossoms either by hand, duster or airplane.

But the grower must be sure that the right pollen is available. Some varieties of fruit, which are called self-sterile, can be fertilized only with the pollen of a different variety. In general, this is true of apples, pears, sweet cherries and plums.

To overcome this difficulty, the grower may set out his orchard with varieties that will cross-pollinate each other. It is not possible, he may graft individual branches on certain trees in the orchard or he may set pails of blossoms throughout the orchard. It also helps if he provides strong colonies of bees to transfer pollen.

A final consideration, say the horticulturists, is whether the varieties are compatible. For example, Cortland and early McIntosh apples do not work well together. Neither do Bartlett and Seckel pears. Time is another factor in compatibility, for the varieties chosen must have overlapping blooming periods if pollination is to occur.

Jury Sits in on Wrong Case; Causes Mistrial

GREENVILLE, ALA.—An attorney began his closing argument in a manslaughter case but after a few dramatic sentences a juror with a puzzled look stood up.

remember anything about this case," he said.

The roll was called — sure enough, he hadn't sat in on the case.

Circuit Judge A. E. Gamble explained: The evidence was completed and the jury released for the night. One juror had an automobile accident and couldn't return.

The bewildered man, who was on the jury list but not serving on this case, walked in and took a seat in the wrong jury box.

Judge Gamble declared a mistrial.

Inventor Designs Mouse Trap Which Tosses Mice in Air

KANSAS CITY, MO.—Want an air conditioned straw hat equipped with an electric fan?

Or a mouse trap that doesn't kill but flips its victim out of the house?

The inventor is J. W. Haynes, 60-year-old grain broker. His gadgets were on display at a hobby club show—and they attracted the most spectators. Here are some:

A soup bowl that tilts automatically as the contents begin to lower, making it easier, Haynes says, to get the last few spoonfuls.

The air conditioned straw hat has vents that allow for removal of warm air and intake of cool air.

The mouse trap has a miniature catapult. When the trap grabs its victim the catapult is automatically released and the mouse goes flying out the window.

"What will prevent the mouse from coming back?" Haynes was asked.

"No self-respecting mouse is going to keep on coming back into a house from which it has been pitched out three or four times," Haynes responded.

Captain Sows Up Wounds, Saves Sailor's Life at Sea

BOMBAY, INDIA.—A merchant-ship captain whose hobby is watching surgeons at work performed an operation by flashlight and saved the life of a crew member who had been stabbed 12 times.

The four-hour operation was performed without an anesthetic on Karl Gilman, 36, of Plainfield, N. J. His alleged assailant, Delbert Ruben Irving, 23, Huntsville, Tex., was under arrest.

Gilman, third assistant engineer of the Flying Clipper, was operated on by Capt. H. K. Carlsen, 33, of Woodbridge, N. J. Gilman had two severed arteries, one in each arm, a deep gash in his throat and nine other knife wounds in the head and chest.

Carlsen applied tourniquets above the severed arteries. Then while a crew member held a flashlight, Carlsen began the delicate task of sewing the arteries together and closing the wounds, using a curved needle and surgical gut.

Four times Gilman fainted as the needle pierced his torn flesh. Each time Carlsen revived him with spritzes of ammonia. It took 37 stitches to draw the cuts together. Then he dusted the wounds with sulphur and applied bandages.

SHOOT STORY

Call Of the Road

By I. DE LA TORRE

HIS sneakers raising puffs of dust, Billy raced down the path to the lake. Now he stopped, snatched an overhanging branch and clung to it, gasping for breath. After a backward glance satisfied him that the little white schoolhouse no longer showed through the trees, he jerked up his black trousers and shuffled on.

"School!" he mumbled to himself. "I'm sick of it! And if Ma puts on any more crying acts when I talk about quitting, it just ain't going to do her any good. I could

take my age and join the navy to see the— Nah! too much orders to take. Maybe I'll just drift around, free like a kite."

A thin column of smoke rising from the clearing caught his eye.

"Funny time for anybody to have a fire on the beach," he told himself and dashed across. The two men crouching over the fire turned around as Billy approached. Both wore shabby clothes, and their faces looked as if untouched by water or razor for weeks.

"You — you tramps?" Billy blurted.

The two men looked at each other and the one sitting on an overturned barrel answered.

"Yeah, we're bums. What you doin' here? Ain't yuh supposed to be in school?"

"Sure. Just taking a vacation today," and Billy grinned, pleased with his wit.

THE big man who had just spoken picked up a twig, snapped it, and threw it on the fire.

"Hey, Joe," he grunted to his companion, "what yuh say duh kid joins up wid us? He put his hand on the boy's shoulder.

"You mean go around tramping with yuh?" Billy broke in.

"Yuh know how tuh ride rails, kid?" Joe inquired.

"Sure—sure I do." Billy wasn't as certain as he sounded; but from what he had seen of "riding the rods" in the movies it looked easy enough.

The first tramp picked up a rusty can and with the aid of a stick propped it on the center of the crackling twigs. He was still poking it into position as he drawled out, "Hey, Joe, 'Member Horsey Sinder? Jus' heard other day he lost his leg ridin' onah Santa Fe. Trackman followed up his blood fer 10 miles."

"Mike, wouldjah ast dah kid tuh gimme his shoes? Mine's ain't got nuf sole on 'em tuh grind up fer chewin' tobacco."

"Mine?" Billy cried. He held one foot forward for them to see. "These are my only school shoes and I—"

"Yeh — yours," Mike snarled. "Yuh ain't goin' tuh school no more, is yuh?" He started to stand up but Joe motioned him down. "Aw, lettem have 'em. He'll be wearin' noospapers 'round his feet soon nuf. We get 'nother 40 below winter of

"You mean go around tramping with yuh?" the boy asked the man.

las' year ain't no doubt dah remains of muh toes'll get frozen off."

MIKE grinned broadly and picked up his stick to poke the can. "Chow's on!" he called to Joe.

Billy leaned over and peered into the can. "What—what is it?" he stammered.

"Stewed pig tails," Mike drawled. "Ain't often we got such luck as tuh get such good eat'n as that, do we Joe?"

"Yeah, 'member dat time we couldn't get nuttin but fish heads otta dah garbage pails? Musta been time wasn't much meat 'round."

"Here, kid," Mike was proudly holding up the can. "New members foist. Gobble it down when it's still good'n hot, boy."

"No—no thanks, I—I—" Billy's lips clenched together and his hands went instinctively over his mouth. He took his head and fled.

Mike dropped the can, threw back his head and laughed until he sank to the ground exhausted. His companion wiped a laugh-tear away.

"What did you do, Mike?" he panted. "Broll our worms?" Mike nodded. "The fishing was getting terrible, anyway." He rose wearily off the ground. "Come on, let's look for the canoe and start home. And please remember, dear brother, that it's your turn to take mother to a fish dinner at the Seafood Grotto."

Released by WNU Features.

U.S. Ore Supply Drops Steadily To Hit New Low

High Rate of Manufacturing Depletes Natural Iron Reserves in Mines

WASHINGTON.—Americans, used to thinking they are eternally blessed with natural resources, are having to face a new fact:

The country is running low on some of the materials it needs most. Secretary of the Interior Julius A. Krug has issued another warning in his annual report. And the matter of iron boded up in congress during debate on the St. Lawrence seaway.

Iron means steel, and steel is basic in our complex industrial life. It's the substance that goes into our bridges, skyscrapers, houses, automobiles, tractors, ships and trains.

All Krug said about iron ore was this: "Supplies of high-grade iron ore are limited."

He didn't say how limited. But others have.

Summarizing the views of industry and government experts, the commerce department says our best reserves, around Lake Superior, may run out in 20 years.

That region produces 80 per cent of all the iron ore mined annually in this country. And half the nation's output comes from one place—a great, yawning pit called the Mesabi range in Minnesota.

Use Steam Shovels

Since 1892, Americans have been taking iron ore out of the Mesabi pits with steam shovels. It's been almost like taking sand off a beach.

The shovels just strip off a thin earthen cover and scoop the ore into railroad cars. The ore moves straight to big docks for dumping into specially designed boats. Then it goes to the mills at cheap water rates.

This simple process has been a key factor in America's development of cheap mass-production items. And the Mesabi ore beat Germany and Japan.

But while the war was still on, a steel man said:

"This is the last world war that will be fought off the Mesabi." From 1940 to 1945, the industry drew on Mesabi ore at three times the rate of the 1930's. Now that peace has come, the withdrawals aren't much lighter.

Rate Doesn't Decrease

Last year 77 million tons were mined around Lake Superior, compared with 79 millions tons in 1944.

It's too early to say much, but the specialists seem agreed that getting iron ore from taconite means huge investments in plant, manpower, water and power.

Foreign ores are the alternative. The two sources most talked about are Labrador and Brazil. Both have enough iron ore of good grade to keep America's steel plants going for many decades.

But in both countries the ore is more than 300 miles from the sea in a wilderness. Industry would have to start from scratch, at huge cost.

During the St. Lawrence debate, backers of the bill said this: If we had the seaway, Labrador ores might move to lake steel plants at reasonable cost. Otherwise, foreign ores might cause a wrenching shift of industry from the Great Lakes to the Atlantic coast.

On the other side, it was argued that the St. Lawrence project might delay the taconite development.

There is no easy answer.

Antarctic Sailors Unearth Matches From 1908 Campsite

LOS ANGELES.—The navy ice-breaker Burton Island returned from a five month, 23,000 mile cruise with identifications for some 700 thousand charts and photographs made on a previous expedition.

Other highlights, the crew said, included: Rescuing the American Antarctic society's Finn Ronne expedition which had been icebound 14 months.

A helicopter crash into an iceberg without injury to two fliers. Battling a swell which showered 1,000 pound ice chunks on deck.

Visiting a campsite of Sir Ernest Shackleton's 1908 expedition and finding a metal match case with matches still intact.

"Have a light," said Cmdr. E. A. MacDonald, striking one for proof.

Immigration Authorities Arrest Armenian Healer

MIAMI, FLA.—Avak Hagopian, 21, Armenian faith healer, and his two servants were arrested by immigration authorities on warrants charging them with being in the country illegally.

They were expected to be released shortly on bonds of \$500 each pending a hearing at which time they will be asked to show cause why they should not be deported. The Immigration office here said no date for the hearing had been set.

Visas given Hagopian and his servants, Smbed Eghisarian and Gevorg Sahakian, expired.

Fraternity Key Lost 26 Years Ago by Chicagoan Is Found at Lake Marie

A fraternity key that mysteriously disappeared from the possession of its owner, H. A. Winkelmann, of Chicago at Akron, O., 26 years ago, was found three weeks ago on the shore of Lake Marie by Bill Terrey, owner of the Merry Glen resort.

Terrey, who found the jewel near his pier, wasn't able to read the fine engraving on the back until a week or two later, when he got some spectacles and then discovered the name of the owner.

Believing that the key was a recent loss from some Chicago person who had rented one of his boats, Terrey looked up the name in the Chicago telephone directory and mailed the key to that address.

By mere coincidence the key belonged to the Chicago man by that name and on Tuesday Winkelmann wrote to Terrey, thanking him for the return of the jewel and enclosing a check.

"When the key you returned me was lost, I also lost a watch and another frat key with my name inscribed. I am not mentioning the watch in an advertisement I am running as I am only interested in getting my other key back, if at all possible," wrote Winkelmann.

"I think it will be interesting to you to know that these articles mysteriously disappeared from my former home in Akron, O., 26 years ago so you can well understand my great surprise and interest when you wrote me last week," he added.

The other jewel was a Sigma Xi key for which Winkelmann is advertising in this issue of the Antioch News.

Terrey believes that the key he found at his resort was left there accidentally this summer because it was found on some hard ground and it was clean.

Replica of Shrine of Our Lady Fatima at Grayslake on Labor Day

The statue of the Pilgrim Virgin in honor of the Blessed Virgin Mary has been brought to the diocese of Chicago, and will be at St. Gilbert's church, Grayslake Monday from 10 o'clock in the morning till 8 p. m. Grayslake will therefore be the temporary district shrine in honor of Our Lady of Fatima.

All Catholics and non-Catholics of Lake County are welcome to take part in the religious devotions to be held there on Labor Day. Each parish will have a specific hour for a parish pilgrimage although individuals will be welcome at any time during the day and evening.

St. Peter parish, Antioch, will take the hour from 4 till 5. The purpose of devotion to Mary under the title of her Immaculate Heart is to bring about a renewal of faith in God, the conversion of sinners, the conversion of Russia to Christianity, and as a consequence, the establishment of world peace. These ends are to be brought about by prayer, especially the recitation of the Rosary, and by penance for one's own and the sins of others.

Catholics are also asked to receive Holy Communion of the five first Saturdays and to recite the Rosary meditating on the mysteries of the Rosary for fifteen minutes.

Man Executed at Round Lake Arthur Diedrich, 38, of Lily Lake, McHenry County, was electrocuted Tuesday while working on the Public Service Company's new gas main through Round Lake when a boom pole he was operating struck a low overhanging high tension line and sent 33,000 volts through his body. Diedrich is the son-in-law of Arthur Schoeber, Round Lake contractor.

Four Grass Fire Call The records of Sect. Clarence Shultis of the Antioch fire department shows runs for grass fires at Neilsen's Corners last Friday, at Felter's subdivision Saturday morning and again on Wednesday afternoon, and at Shannon subdivision Saturday afternoon.

Legion Auxiliary Gives To Community Service; Honor Past Presidents Gifts for community service were announced this week by Antioch unit No. 748, American Legion Auxiliary.

They include \$25 to the Boy Scouts for the purchase of an American flag; \$25 to the Girl Scouts; \$50 to the Legion drum and bugle corps; and \$25 to the Patsy May Cummings fund.

Last Friday night the unit honored the past presidents with a party. A bountiful pot luck supper was served at 7 p. m., which was followed by a business meeting. Airplane bunco was then enjoyed.

Delegates elected to the state convention to be held in Chicago Sept. 10 to 13 at the Palmer House are Mrs. L. R. Van Patten, chairman; Mrs. Lucy Himens, Mrs. Rose Kennedy, and Mrs. Al Swansen. Alternates are Mrs. Anton-Johnson, Mrs. Ed Jahnke, Mrs. Harold Ellis and Mrs. Torborg Nelson.

World Could End Any Time, Experts Say

PHILADELPHIA.—Scientists at the Fels planetarium of the Franklin Institute have illustrated ways by which the world might come to an end.

The scientists coolly admit that the end of the world, due to some unforeseen cataclysm, might happen at any moment.

"Our earth," they say, "is delicately balanced between the too hot and the too cold, the too dry and too wet, for life of the kind we know."

If something should happen to upset the existing conditions most of the higher life on earth would come to an end, they add.

The astronomers point out that other suns have suddenly burst into greatly intensified heat, and they assert it is not impossible that the earth's sun might also do it some day.

They also see no reason for ruling out the possibility of another Ice Age caused by a great volcanic eruption, because in the history of the world it has happened five times.

They also show how the moon might cause great tidal waves to sweep the continents from shore to shore for hundreds of years—with the gravitational pull of the moon opening up gaping rifts in the earth's crust, followed by gigantic explosions as the sea invades the pools of molten lava.

The astronomers hope most of the possibilities for an end of the world are remote. But they insist that it is possible at any moment for a body as large as the earth or larger to hurtle through space and shatter our planet to bits.

Practical Joker Harries Housewife With Pranks

INDIANAPOLIS.—An Indianapolis housewife has appealed to police to find the practical joker making her life one hectic gag after another.

Mrs. Russell Dummich told the authorities that in one week she faced nine different taxicab drivers who insisted she had called them when she had not; the driver of a wrecker; an ice cream delivery man who tried to collect for \$10 worth of ice cream, and a washing machine repairman she had not called.

She kept the matter from the police until a truck driver showed up at the oil-heated Dummich home to deliver a ton of coal.

V.A. Will Furnish Radiant Heating for Psychiatric

WASHINGTON.—Invisible heat rays will be used to give comfort for the first time, to patients in the psychiatric wards of veterans' hospitals under the present Veterans administration multi-million dollar expansion program.

Using radiant panel heating, a system that is new to America although it was used by the Romans in Caesar's time, the psychiatric rooms will be free of all standing radiators or other heating equipment, according to Bern C. Benson, of Minneapolis-Honeywell Regulator company.

"Special automatic controls will make it possible to regulate the heat for optimum comfort and welfare of the patients, regardless of outside conditions," said Benson. "Radiant heating also will help to eliminate drafty walls and floors and will make it much easier to keep rooms clean."

Hermit Hoards 800 Pounds Of Stamps in His House

PITTSBURGH.—Eight hundred pounds of stamps were carted from the four-room death trap home of a 74-year-old hermit.

Gustave Pfeiffer had the stamps piled almost to the ceiling along with all kinds of debris. He was taken from the house and is now in a county home.

The vaule of Pfeiffer's collection has not been determined yet, but Fred Ott, stamp expert who is handling the sale, said the collection is the "heaviest single acquisition" to be placed on the market to his knowledge.

Since there are approximately 3,000 stamps in a pound, Pfeiffer's collection produced the almost unbelievable total of more than two million stamps. Stamp experts hoped that when the collection has been sorted and arranged, a \$25,000 "master collection" might be found.

Zoo Keepers Devise New Type Scale for Weighing Gorilla

NEW YORK.—Time was when keepers at the New York Zoological park had no trouble weighing Makoko, a young male gorilla.

Keeper Jim Reilly would take Makoko on his shoulders and step on the scales. Then Reilly's weight was subtracted.

Reilly decided in 1945, with Makoko getting bigger, that his own health came first. Thereafter they guessed Makoko's weight.

Now, the keepers have devised a new method. They lure the gorilla from one cage to another in the process of which he has to step on a scale platform.

Makoko weighs 310 pounds.

Where Butter Goes

Seventy-eight per cent of the butter produced is allocated to United States civilians. The 22 per cent of butter remaining is used as follows: 15 per cent for military uses, 6 per cent for lend-lease, and the small remainder for other special needs.

Use of Soybeans

Largest U. S. consumption of soybean oil goes into shortening and other important uses such as margarine, mayonnaise, salad dressing, etc., according to A. E. Staley Mfg. Co., Decatur, Ill., world's largest processor of soybeans.

AUCTION

FARM SERVICE WAY

Henry A. Freeman and Eugene Fredrick, Auctioneers
The undersigned will sell at public auction on the Frank Katzenberg farm, located 3 miles south of Genoa City, Wis., on County Trunk U, or 4 miles west of Twin Lakes, Wis., or 9 miles southeast of Lake Geneva, on **TUESDAY, SEPTEMBER 7, AT 12 O' CLOCK C. S. T.**

36 HOLSTEIN CATTLE
23 MILCH COWS—6 are springers, 12 new milkers, balance milking good. 9 First calf heifers, springing, 2 open heifers, 1½ years old. Bull, 2 years old, 1 calf. This is an opportunity to buy the best at auction.

2 MARES—8 years old, weight 1060 lbs. each. Set of draft harness.

42 SHOATS—weighing between 60 and 100 pounds.

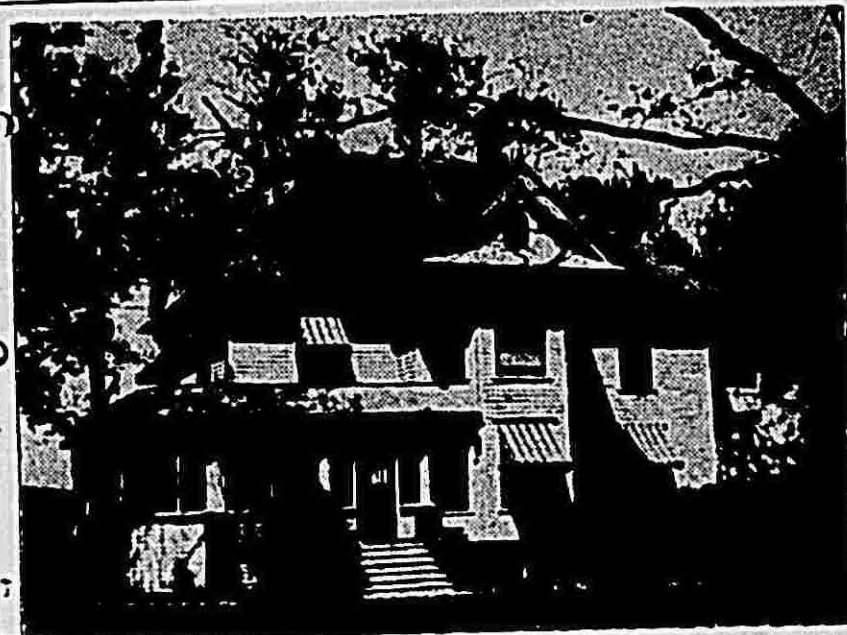

POULTRY—75 White Rock and White Leghorn Springers. Brooder house. MILKING EQUIPMENT—DeLaval milking machine, 2 units, 12-8-gal. milk cans; 2 milk pails; wash and solution tanks; hot water heater.

GRAIN, HAY, FEED—2000 bales first crop alfalfa hay; 285 bales second crop alfalfa hay; 345 bales mixed hay; 850 bales straw; 1000 bushels of Vicland oats; 1000 bushels barley; 6 tons old corn; 31 acres standing corn; stack of baled straw.

TRACTORS AND TRACTOR EQUIPMENT—Case SC on rubber, with starter, lights, with power lift cultivator; Case 2-14 tractor gang plow; saw; McD. 8 ft. tandem disc; David Bradley manure spreader on rubber; buzz saw; McD. silo filler; McD. corn binder with loader; carrier and hitch; McD. 2-14 in. plow on rubber; Appleton 8-Roll Corn Husker.

FARM MACHINERY—Case mower, roller, harpoon fork. Case cultivator; packer; hay rope; lever drag with 4 steel sections; McD. sulky cultivator; Case corn planter with fertilizer attachment; wood wheel farm wagon; high speed trailer wagon on rubber; basket hay rack; electric fence; Case side delivery with hitch; J. D. hay loader; 3 hog feeders; 3 hog troughs; 2 small buildings; potato planter.

daughter, Judith Ann, are spending this week visiting friends and relatives in northern Wisconsin.

Mrs. Fred Martin, of Nevada City, Calif., and Miss Ruby Davis, of Chicago, and Miss Kathryn Davis, of Kenosha, and Miss Mary Jane Davis of Bassett, were dinner guests on Friday evening at the Byron Patrick home.

Mr. and Mrs. Robert Patrick were visitors to the John Hanley home at Kenosha on Saturday.

Mr. and Mrs. Herbert Hein and infant daughter Carol Ann, of Kenosha, are guests of the David Elfers.

Nursing Profession

Since 1910 the nursing profession in the United States has expanded 450 per cent, more than seven times the increase in the population, according to American Nurses' association figures. In spite of this, the ANA points out, registered professional nurses are still unable to meet the unprecedented demands for their services.

Robot Sprinkles Lawn
An automatic sprinkler control is now available to make certain that garden or lawn receives the right amount of moisture while the folks are away, say, on vacation. It is operated by an automatic seven-day program electric clock, and all that must be done is to set it for any schedule—any hour of any day or night—it turns itself on for the prescribed time, then shuts off.

LAKE VILLA

(Written for last week)

Mrs. B. J. Hooper, Mrs. William Weber, Mrs. Val Weber, Mrs. Sidney Barnstable and Mrs. Charles Madson attended a picnic dinner last Thursday with Mrs. George White near Hebron as a Past Matron's O. E. S. meeting.

The Halcyon group presents its third annual fall fashion review at the school gym on Wednesday evening, Aug. 25, at 8 p. m. Clothing will be shown through the courtesy of the Hehn store of Waukegan and the models will be accompanied at the solofox by Grace Timmersman. As an extra added feature there will be "Wedding Fashions Throughout the Years" modeled by local people.

Mr. and Mrs. James Connell, of St. Petersburg, Fla., are spending some time at the Weber farm at Sand Lake.

Mr. and Mrs. William Walker were at Powers Lake, Wis., on business Monday.

Miss Frances Evans, of Chicago was guest of Mrs. Paul Avery, Jr., last week.

Mr. and Mrs. Horace Kapple and daughters, Mary Lou and Marjorie visited the Paul Avery, Sr., and Chas. Hamlin families last Wednesday. The Kapples live near Crystal Lake.

Miss Ella McCracken, of Chicago, spent Saturday and Sunday last week with her cousin, Mrs. Lulu Nelson at her home and on Sunday Mr. Roy Camden and friend also of Chicago, were guests of Mrs. Nelson and Mr. and Mrs. Carl Ekdahl.

Andrew McGlashan, Jr., of Elmhurst, was with his father, who lives on Oak Knoll Drive, while on his vacation last week.

Mrs. Cora Summers, of Chicago, was guest of her son, Don Summers and family over Saturday and Sunday.

Mrs. Marie Hamlin had as guests last Saturday evening her cousins, Joe and John Petree and wives, also two friends from Cicero.

Dr. and Mrs. Gindich have been entertaining relatives from Chicago and Detroit.

Mr. and Mrs. B. J. Hooper and Mr. and Mrs. Edward Langbein entertained the Tiede families at a

picnic at the Langbein home last Sunday. The Arthur Tiede, William Tiede and Arnold Tiede families, of Chicago, were present, also the Traver Ellis family, of Belvidere, Adolph Kereera, the Hoopers and Langbeins and Mrs. Eleanor Gilmore, more than 25 in all who enjoyed picnic dinner and supper on the lawn.

Mrs. Kenneth McNamara and children, of Grayslake, spent last week with her mother, Mrs. Bray, at Bueana Park.

Clara and Allan Chickey, of Vicksburg, Mich., spent the past week with their aunt, Mrs. Nell Riedel, and family.

John Walker, who has been a patient at Victory Memorial hospital for the past few weeks, was able to return home last Thursday and is improving.

Mr. and Mrs. Horace Kapple and daughter, Mary Lou and Marjorie, who live near Crystal Lake called at the Charles Hamlin and Paul Avery, Sr., homes last Wednesday afternoon.

Mine Drainage

Drainage from most coal mines contains sulfuric acid, sulfuric acid, and copperas which kills fish by coagulating the gelatinous protein of their gills, causing suffocation.

Delusions About Lightning
One popular belief, that lightning never strikes the same place twice, has been disproved definitely. Still another, that lightning is a single flash of high-voltage electricity between cloud and earth has been found erroneous. Photographic studies of lightning show that lightning consists of as many as 10 separate strokes to the ground.

Calcium In Ice Cream
One serving (one-sixth quart) of vanilla ice cream contains nine times as much calcium as one medium-sized potato, two and one-half times as much as a medium-sized orange, four times as much as an egg, and nine times as much as one medium-sized carrot.

Improving Hens
Birds that have been in production for an extended period are inclined to lose weight and slow down in production. Feeding such hens a fleshening ration and giving them good care to keep them in good weight and condition will make the production decrease less pronounced.

COME IN AND SEE HOW THE SENSATIONAL NEW

Westinghouse Laundromat

saves up to 10 gallons of water a load

INSTALLS ANYWHERE!
NO BOLTING!
NO VIBRATION!

Here's How to Get Proof:

Phone us today and ask to have a load of your clothes washed in the Laundromat free. We'll pick up the clothes. You come to the store and see the Laundromat wash them clean. We'll return your clothes to your home... thoroughly clean... washed the Laundromat way.

LET US PROVE BEFORE YOU BUY, How It...

1 SAVES WATER

Exclusive Water Saver measures water to the size of the load. All you do is set the dial!

2 WASHES CLEANER

Exclusive, gentle but thorough washing action. Soiled water drains away from clothes, not through them.

3 ENDS WASHDAY WORK

Washes, triple rinses, damp-dries, cleans itself, shuts off... automatically.

Meadowlark of Open Fields

Meadowlark is truly an American bird, and, in varying forms, ranges throughout the United States. None of his kind is found outside the western hemisphere, and like the wild turkey, he is strictly a species of our own country. During the last 30 years the populations of this merry dweller of the open fields have shown a marked decline. At one time their numbers perhaps exceeded that of any other species that lived outside the woodlands. The meadowlark's nest is placed on the ground under a tussock of grass. It is constructed of small stems and grasses. Usually from four to seven white eggs, highly speckled with purple and brown, are laid.

Atomic Energy Train

To demonstrate how atomic energy operates, an exhibition train with working models has been equipped by the atomic energy association of Great Britain to visit a number of English cities. The instruments for detecting radio activity, splitting the atom and producing radio energy are shown in operation with illustrated charts and photographs as well as the application to medicine.

HELLO FOLKS:

By Ray Cobb

Another year has rolled by and it is again time for Antioch Legion Post 748 and its Auxiliary to install new officers. A joint installation will be performed tonight, at the Legion home, to which the public is cordially invited.

Present to do the installing will be these officers from the 10th District, Comdr. W. Dowden; Sr. Vice Comdr. F. Schusted; Jr. vice Comdr. Everett Hatfield; Sgt. at Arms, L. J. Keefe; Jr. Post Comdr. A. Bowen; Chaplain, R. Hanson. Tenth District Director for the Legion Auxiliary will be Carolyn Horan.

Outgoing officers for Post 748 are as follows: Comdr. Edward Frazier; Sr. Vice Comdr. Ray Morton; Jr. Vice Comdr. Bill Chase; Sgt.-at-Arms Rick Eckert; Chaplain, Edward Jahneke; Treasurer, William Brooks; Secretary, John Horan; Historian, Lorraine Pape.

These officers will be succeeded by the following: Comdr. Ray Morton; Sr. Vice Comdr. Edward Jahneke; Jr. Vice Comdr. Ben Miller; Sgt. at Arms, Harold Christenson; Chaplain, Everett Hatfield; Treasurer, William Brooks; Secretary Bill Lahti; Historian, Chester Paasch.

Officers for the Legion Auxiliary will be, president, Mrs. Lucy Himmens; Sr. Vice President, Mrs. Harold Ellis; Sgt.-at-Arms, Mrs. Maxine Cobb; Chaplain, Mrs. Alma Hardin; treasurer, Mrs. Lillian Hand; secretary Mrs. Maud Johnson; Historian Mrs. Charles Cermak. The Antioch Legion Rifle Squad's present officers, Capt. Edward Jahneke; Lt. Robert Taylor, will be succeeded by Capt. Leyton Ipsen; Lt. Robert Story.

William Johnson will remain in charge of the Legion Drum and Bugle Corps. This organization is building up very nicely under the able direction of Mr. Johnson. An invitation from the Lions club and Riverview Board of Directors in Chicago has been extended to the Drum and Bugle Corps to attend their annual Mardi Gras. With a membership of 20 members and 5 majorettes they're hoping to win state acclaim. They will enter into competition with drum and bugle corps, school bands and drill teams from all over the state.

A citation of Merit will be awarded The Golden Glo Dairy for being 98% veteran employees. This is an unusual percentage for the size of our community. The citation will be

presented to Herbert Horton, owner of Golden Glo, by Al Swenson at the joint installation.

Caponizing Hormone

A hormone is now available for caponizing cockerels. When injected under the skin below the comb, the male organs cease to function, the head develops feminine characteristics, and additional fat is deposited over the body. Each treatment lasts six to eight weeks. Therefore, cockerels should be treated about two months before they are to be sold for market purposes.

Small Cars from Abroad

Little four-cylinder cars, popular in Europe, are being shipped to United States in increasing volume to take advantage of the continued shortage of domestic automobiles. Generally higher priced than U. S. models, they are not expected to be able to compete seriously with American cars after the current shortage is relieved even though their operating costs generally are low.

Chicago's Wholesale Trade

Chicago's wholesale trade in 1947 approximated \$10,500,000,000. Contributing substantially to the wholesale volume are more than 200 trade shows and other forms of organized merchandising events which are held in this city annually, and which in the aggregate constitute an almost continuous Leipzig Fair. Trade shows catering exclusively to retailers annually attract more than 500,000 retail store owners and buyers.

Sweet Potatoes

Biggest sweet potatoes are not always the best for market. Usually, those weighing from eight to 12 ounces are the ones chosen by the housewife. Potatoes of this size are about right for one serving. Also, they take less time and fuel to cook than larger ones.

FT. LAUDERDALE HOTEL ROOMS AND APTS. NOW RENTING spend winter in Florida Poinsettia, 15 S. W. 10th St., See Owner before Sept. 5th. Bert Ruthenberg Bank Bldg. Wauconda, Illinois

Famous Lighthouses

Lighthouses of all times have been elevated structures. Two of the seven wonders of the ancient world were lighthouses. Some lighthouses have become architectural monuments. Such lighthouses as Montauk Point, Long Island, Gaspe Peninsula, Nova Scotia and Morro Castle, Havana, have become landmarks not only for the mariner but for sightseers as well.

Letter from Washington

Public records museum in London contains a letter from George Washington to his "great and good friend", George III.

Adjudication and Claim Day Notice Notice is hereby given to all persons that the first Monday of October, 1948, is the claim date in the estate of Ann Walters (also known as Anne Walters), deceased pending in the Probate Court of Lake County, Illinois, and that claims may be filed against the said estate on or before said date without issuance of summons. All claims filed against said estate on or before said date and not contested, will be adjudicated on the first Tuesday after the first Monday of the next succeeding month at 10 a. m. William Walters, Administrator Edward C. Jacobs, Attorney Antioch, Illinois (4-6c)
